

CONFIRMATION OF PARTICIPATION DATA4GOOD-VOLUNTEERING

On August 4, 2026

Roxana Runcan

participated in the workshop "**Git Basics**" organized by CorrelAid e. V.

The 60-minutes online workshop included the following topics:

- The motivation behind version control
- Git Setup
- A simple workflow with Git
- Intro to "Git-Vocabulary"

Participants...

- ... know how to save changes to their own software projects with git (add, commit).
- ... know how to examine the history of the project (log, diff, checkout).
- ... know how to undo what has been done (reset, revert, amend).
- ... understand what branches mean and that different workflows use branches differently.
- ... know how to create clones of projects and keep them up to date between remote and local using push and pull.
